

Class Schedule

Our Goal is to promote interest in fine old laces and preserve them for posterity. One way we achieve this goal is to learn the art of lace making.

Bobbin lace is a style of lace making used in making old style (1700) lace. In the class the basic half stitch is taught.

The second class is Beginning Tatting. Tatting is the lace most people remember their grandmothers making. Introduced in the 1800 supplies were readily available to all. The double stitch, ring and chain are the basic elements taught.

No Fees
No Supplies required

Sign up's are not required; however they will help us prepare for large groups.

Class held Wed and Thu only.

Sign up Form
